

## mobyBeauty

The complete solution for your beauty business from managing customers' database and profile to loyalty programmes to POS system. With its user-friendly interface and latest innovative technology, mobyBeauty can turbo-charge your business.

### One System for all Requirements

Manages all information such as customers' profile, package entitlements and balance. This provides you with an efficient tool for sales and management, and at the same time enhance your customers' overall experience.

### Multiple Channels CRM Solution

Provides a snapshot of the customer relationship and interaction based on the various brand touch points across multiple channels.

### Supports Multiple Locations

Centralised database allows easy access to real time information from any location, giving your customers the freedom to enjoy your services with any of your branches.

### Customer Inventory Module

Tracks customers' transactions and treatments, and manages customers' purchased packages and loyalty points.

### Integrated POS System

All transactions automatically update the relevant branch's and customer's inventories. Reduces manual updating and tracking.

### Stock & Inventory

Tracks stocking items and flags items that have reached minimum re-order quantity. Allows differentiation of pricing for the same SKU.

### Purchase Requisition & Purchase Orders

Allows outlets to request for stock through a central purchasing office.

### Flexible Commission Tracking

Records commissions earned by each sales and service personnel. Allows splitting of commissions among staff.

### Voucher & Redemptions

Creates vouchers dynamically at the POS and tracks voucher redemptions.

### Reports on Demand

Provides real time reports on sales, performance and inventory etc. to facilitate operation control and management analysis.

### About Us

PTS is the leading provider of multiple channel access-capable solutions which are truly integrated across the widest range of new media channels and devices (eg. computer, mobile phone, PDA etc). Our business solutions are designed with usability, accessibility, reliability and expandability, giving you a competitive edge in today's dynamic business environment.
